

Environmental Impacts of Large Livestock Operations in Wisconsin

A conference about CAFOs*, featuring a keynote address by progressive firebrand, noted author, and former Texas Agriculture Commissioner

Jim Hightower

And expert panel discussions about:

- The serious threats posed by confined livestock operations to public health and water quality
- Wisconsin's Livestock Facility Siting Law and how it paves the way for new mega-farms
- First-hand accounts from citizens around the state who have fought CAFOs in their communities

And most importantly:

Learn how YOU can get involved with a growing network of citizens fighting to protect their communities from new CAFOs while supporting healthy, productive, and sustainable livestock agriculture!

Generous support
provided by:

Saturday, April 5, 2008
Madison Marriott West Hotel
Middleton, WI
